## DOWNTOWN CONSTRUCTION IN SOUTH SAN FRANCISCO

---

### **CADENCE PROJECT (Miller @ Airport)**

The contractor for the Cadence Project continues pouring concrete on a Monday, Wednesday, and Friday schedule for the next few weeks. These pours will not affect existing traffic control in the area, however, commuters may experience brief delays in traffic

during this time. Each pour is expected to last three to four hours.

As a reminder, the contractor encountered several unforeseen site conditions and is working to resolve them as quickly as possible. For safety reasons, **Miller between Airport and Cypress is closed through August 31st.**

The intersection of Miller and Cypress will also continue to

experience intermittent closures to allow for timely completion of utility installations. When work at the intersection of Miller and Cypress is taking place, no thru traffic is allowed.

Cypress between Lux and Tamarack is temporarily two-way to facilitate movement in the area while construction along other segments of Cypress are underway. (Rendering below)

---

### **PINEFINO PROJECT (Airport @ Baden)**

Cypress between Baden and 3rd Lane continues to experience daily closures between 6:00 a.m. to 11:00 a.m. to facilitate material deliveries and onsite utility work. (Rendering below)

---

### **ROTARY SENIOR HOUSING PROJECT (300 Miller Avenue)**

The contractor recently completed abatement and demolition of two homes that are part of the building footprint for this project. Off-hauling of demolished materials from the site is ongoing.

Approximately four on-street parking spaces located adjacent to the former City "parking lot 6" is for "construction worker parking only". There are no street or parking lane closures associated with this initial work. (Rendering below)

## OTHER CONSTRUCTION PROJECTS IN SOUTH SAN FRANCISCO

---

### Caltrain Electrification Work

Construction activity has begun in South San Francisco as part of the Caltrain Electrification Project. Work is taking place during the day and at night. **Nighttime activities will occur between 8:00 p.m. and 6:00 a.m.** To mitigate noise and other impacts during nighttime activities, the field team will use acoustical barrier blankets, and position lights away from residential, roadways, and business areas.

Please visit the Caltrain [website](#) to sign-up for weekly construction updates. If you have questions or comments about the upcoming work, please call the dedicated **Project Hotline at 650.399.9659** or email [calmod@caltrain.com](mailto:calmod@caltrain.com).

---

## Cal Water Services: Water Main Replacement

California Water Service (Cal Water) continues work on its water infrastructure upgrade program to improve water supply reliability and fire protection.

The work is conducted Monday through Friday between 9:00 a.m. and 4:30 p.m. The anticipated completion date for entire project is **November 2017**.

All inquiries shall be directed to **CWS hotline: 650-558-7842**. In case of **EMERGENCY** please contact Ben Voight's (650)-333-6135.
